HUDEC DENTAL CHAIN OPENS 7TH LOCATION

(Cleveland, OH) Cleveland-based Hudec Dental Associates, Northeast Ohio's largest family-owned dental chain, announces the opening of its seventh location at 8475 Memphis Ave. in Brooklyn.

Founded in 1977 by Dr. John Hudec, Hudec Dental Associates is a growing network of neighborhood dental offices that provides affordable dental care using the latest in dental technology.

While many Northeast Ohio companies are downsizing or going out of business, Hudec Dental Associates continues to add quality, highly-skilled jobs to Northeast Ohio's economy. The company currently has 106 employees, with plans to open an eighth practice this fall.

Dr. Hudec's success lies in his vision to be THE neighborhood dentist in each community he serves. The other six locations are Broadview Hts., Strongsville, Old Brooklyn, Ohio City, Westpark and Lorain Rd. on the near West Side.

Hudec Dental Associates provides all phases of modern dentistry -- from simple fillings and root canals, crown and bridgework, to dentures and partials made in their in-house laboratory.

To make a smile that lasts, call 216-661-8888.
